PROFESSIONAL SUMMARY

Healthcare service transformation and project coordination professional supporting cross-functional initiatives across clinical engineering, medical device services, quality compliance, customer operations, and digital workflow improvement. **Currently coordinating 8+ healthcare projects**, while supporting management reporting, stakeholder meetings, timelines, risks, and service-related approvals. Contributed to 40% year-on-year revenue growth through a spare-parts and equipment rental service model. Thai-English communication, accuracy, organization, and the ability to manage multiple priorities in regulated healthcare environments.

CORE COMPETENCIES

Healthcare Service Operations • Project Portfolio Coordination • Executive & Administrative Support • Cross-functional Stakeholder Management • Timeline, Risk & Action Tracking • Management Reporting & Executive Presentations • Medical Device Service Coordination • Document & Approval Workflows • Customer & Vendor Coordination • Digital Workflow Improvement • ISO 9001 / ISO/IEC 17025 Compliance • Thai-English Business Communication

PROFESSIONAL EXPERIENCE

Executive, Service Transformation

Jan 2026 – Present

Nhealth — Bangkok, Thailand

- Coordinate a portfolio of 8+ concurrent healthcare service transformation projects covering NEBB accreditation, rental/spare-parts services, customer training, award submissions, LINE OA, and KPI monitoring.
- Serve as the central coordination point between management, clinical engineering teams, hospital customers, auditors, vendors, and external partners to align scope, timelines, owners, and deliverables.
- Maintain master timelines, executive dashboards, weekly reports, risk/issue logs, decision records, and action trackers.
- Support service operations through purchase orders, proposals, quotations, document collection, approval workflows, customer communication, training arrangements, and follow-up.
- Organize management reviews, customer meetings, and workshops; prepare agendas, presentations, minutes, decision summaries, and action plans.
- Drive digital workflow improvement through CES Hub and LINE OA for job check-in, calendar, inventory, dashboards, and weekly reporting.

Executive, Performance & Development

Nov 2024 – Jan 2026

Nhealth — Bangkok, Thailand

- Designed and coordinated staff competency development programs, technical training, and engagement activities to improve team performance and service consistency.
- Planned and executed strategic workshops, customer meetings, internal events, and cross-functional projects from preparation through completion.
- Contributed to **40% year-on-year revenue growth** by launching a new spare-parts and equipment rental model and improving Clinical Engineering Services delivery.
- Managed strategic projects and coordinated audit preparation activities supporting ISO 9001 and ISO/IEC 17025 compliance.
- Worked with Sales and Marketing teams to align commercial plans with service operations and support market expansion.
- Prepared management presentations, project reports, training materials, customer documents, and follow-up communications.

Research Assistant Intern

Jun 2023 – Aug 2023

Aikenhead Centre for Medical Discovery — Melbourne, Australia

- Supported the “Hydrogel for Ligament Tissue Reconstruction” project through experimental preparation, literature review, data recording, and research documentation.
- Assisted with cell and bacteria culture, biocompatibility testing, and accurate laboratory records.
- Collaborated with researchers in an international environment and communicated progress in English.

EDUCATION

Mini MBA in Biomedical Engineering — Non-degree Program

Jul 2025 – Dec 2025

Rangsit University

Rangsit University | Business Strategy & Innovation, Finance, Medical Device Management & Regulation
